

Press release Delphi 12/15/2017:

Delphi advisor to the sellers of Digpro AB

Delphi has advised the owners of the Digpro AB ("Digpro") in connection with the divestment of the majority of the shares in the company and its subsidiaries to Litorina V AB.

Digpro is the leading provider to electricity network owners in Sweden and develops, markets and sells its own fully proprietary geographic information system for network owners and municipalities. Digpro offers a fully proprietary system for its customers, which enables detailed network documentation and support for critical internal processes.

Digpro was founded in Stockholm in 1989 and has continuously grown with customers in Sweden, Norway, Finland, Poland and Turkey. The company had a turnover of more than SEK 100 million in the last fiscal year and has more than 70 employees.

Delphi's team mainly consisted of Managing Partner David Aversten, Senior Associate Rickard Isacson and Associate Linn Strömberg.

Delphi is one of the top commercial law firms in Sweden. We help our clients with mergers and acquisitions. We advise them on matters of banking, finance and capital markets. We represent clients in court and in arbitration and are acknowledged as being extremely competent in public procurement, environmental law and real estate law.

Many of us are specialists in high-tech fields such as IT, intellectual property and life science. Our drive and our interest in technology and business probably explain, in part, our success. We are often praised for our commercial sense and our ability to understand the client's business.

Our clients are to be found primarily in Scandinavia, Europe and North America. We also co-operate with law firms globally and regularly assist clients on international matters. We have a total workforce of approximately 185, of which more than 120 are lawyers. We have offices in Stockholm, Göteborg, Malmö, Linköping and Norrköping.
